## From the Manager's Desk:

East Fallowfield Township is pleased to present the latest issue of our Township newsletter. Thanks to the sponsorship of the advertisers in this publication, this newsletter has been produced at no cost to our residents. The Board of Supervisors and Administration thanks these members of the business community for their generosity and support and encourages you to support these businesses with your patronage.

*Our staff is always here to assist you.*

We suggest you keep this newsletter for future reference, as it contains important information about activities in the upcoming months. In the ever-changing communications landscape, the Township recognizes that there are a multitude of ways that our residents and businesses receive information. While we issue two print newsletters each year, up-to-date information is always available on the Township's website ([www.eastfallowfield.org](http://www.eastfallowfield.org)), E-News, and Township Facebook page ([www.facebook.com/eastfallowfieldtownship/](http://www.facebook.com/eastfallowfieldtownship/)).

I'd also like to thank all the residents who took the time to participate in the East Fallowfield Township Communications Survey over the summer. Your opinions really matter! Since becoming Township Manager last year, I have made it a priority to improve transparency and expand the communication between the Township and its residents. Efforts to increase communication between the residents and the Township are reflected not only in this newsletter, but also in our social media outlets. We frequently update our website and Facebook page, as we know people like to digest their news across many media platforms.

Last year, we also partnered with 'ClearGov' and launched an online Financial Transparency Center. This user-friendly site contains summarized financial data in a graphics-based format to better engage residents and provide a much clearer "snapshot" of the Township's finances. Going forward, we will continue to look for new ways to communicate more effectively and efficiently with our residents, businesses and visitors.

Please contact me or our Township staff at 610-635-6077 if you have any questions or feedback regarding the information contained in this issue or about the services the Township provides.

Sincerely,

Scott M. Swichar, Township Manager

## EAST FALLOWFIELD TOWNSHIP WILL HOLD 'MOVIE NIGHT IN THE PARK' ON SATURDAY, SEPTEMBER 21

Bring the whole family and join us on Saturday, September 21 at the East Fallowfield Township Community Park (900 Buck Run Road) for a FREE fall outdoor movie on the BIG SCREEN! Township residents voted for their favorite movie over the summer through an online survey on the Township's Facebook page. Residents provided their input and chose the family-friendly movie, The Princess Bride.

Residents are reminded to bring their blankets, wagons, bug spray, strollers, and lawn chairs. The movie will begin at sunset (approximately 7:30PM). The concession stand will be selling popcorn and beverages. Be sure to arrive early to grab snacks and the perfect seat before the movie begins.

The free community movie nights are a great opportunity for families to enjoy a night outside under the stars. This event is sponsored by the East Fallowfield Township Park and Recreation Board.

# East Fallowfield Township Board of Supervisors Awards \$8,000 Grant to Coatesville Area Public Library

The East Fallowfield Township Board of Supervisors recently awarded an \$8,000 grant to the Coatesville Area Public Library at its monthly Board meeting. Receiving the award was Penny Williams, the Director/Youth Services Librarian of the Coatesville Area Public Library.

Ms. Williams thanked the Board of Supervisors and East Fallowfield Township community for their support. "Approximately 1,000 residents of East Fallowfield Township regularly visit the Coatesville Area Public Library. East Fallowfield Township's generous award allows a sustainable future for this community library and is important to our library's future growth," said Williams. At the check presentation, she also encouraged residents of East Fallowfield to stop by the Library to sign up for a free library card.

Last year the Coatesville Area Library offered a total of 447 programs, including a children's story-time twice a week.

***For more information, visit: [www.coatesvilleareapubliclibrary.org](http://www.coatesvilleareapubliclibrary.org)***

---

## Township Seeks Volunteers to Serve on Park and Recreation Board

Help make a difference in our community by serving on the Park and Recreation Board. The Board of Supervisors is seeking letters of interest from Township residents wishing to be appointed to the Park and Recreation Board. The Park and Recreation Board advises the Board of Supervisors on community needs and plans for the continuing development of parks and recreational events in East Fallowfield Township.

Meetings are held once a month, or as needed, at 6:30 pm at the Township Building (or at the Park Pavilion during summer months).

Interested residents are asked to submit a letter of interest and application which can be found on the website: [www.eastfallowfield.org](http://www.eastfallowfield.org).

Applications and the letter of interest should be submitted to the Township Secretary at ***lvalaitis@eastfallowfield.org***, or hand deliver/mail to the ***East Fallowfield Township Municipal Building*** (2264 Strasburg Road, East Fallowfield, PA 19320). ***Hand deliver*** between the hours of 8:00 am and 4:00 pm.

# Modena Fire Company is Actively Seeking Volunteers... Chester County Lives Depend on it.

Firefighters are often called heroes, but these highly skilled individuals face more than dangerous flames. They rescue animals and people, treat injuries, lend a helping hand, and risk their lives – all while saving others.

But unlike big cities, the majority of rural firefighters are volunteers. Decades ago, community fire companies had no shortage of heroic volunteers willing to endure rigorous training in exchange for the pride in knowing they were able to help.

Like many once-thriving industries, the volunteer firefighting community has dwindled and one company, Modena Fire Company, which is one of the two fire companies that provides fire and rescue service to East Fallowfield Township, is fighting back by participating in a recruitment campaign called HelpFightFire.com. “The campaign, spearheaded by the Chester County Fire Chief’s Association, will help make it easy to understand the many opportunities available as a volunteer,” said Frank Dowlin, Fire Chief of Modena Fire Company.

“While Modena Fire Company currently has 22 active members who fight fires, five fire police members, and eight volunteer EMT’s, these numbers are half what they were in 2010,” said Chief Dowlin. “As there are more calls coming in and fewer people to respond to them, we have a need for more volunteers,” Chief Dowlin said.

“We hope prospective volunteers will visit the website: [www.HelpFightFire.com](http://www.HelpFightFire.com) to learn more about becoming a volunteer,” said Chief Dowlin. The website includes a volunteer inquiry form that interested candidates can fill out. Modena Fire Company will also participate in the East Fallowfield Township ‘Park Day’ event on October 12 from 10:00 am to 4:00 pm to show off their emergency vehicles and perform rescue demonstrations. “Please stop by to say hello or inquire about becoming a volunteer,” concluded Chief Dowlin.

## BECOME A VOLUNTEER... Here are Five Ways to Make a Difference in Your Community.

**Firefighters:** Help save lives and protect property in your community. In the exciting world of firefighting you’ll learn to do things like advance a hose line, perform search-and-rescue operations, and position ladders strategically. We’ll give you the training and equipment needed to stay safe and keep others safe too.

**EMTs:** Help save lives by transporting the sick and injured to the hospital. You’ll be there to respond to specialized calls like auto accidents, carbon monoxide alarms and other rescue calls. Again, training and equipment will be provided.

**Fire Police:** Help keep an emergency situation safe by directing traffic and crowds and providing general assistance to other first responders.

**Junior Firefighters:** Gain experience around a fire house as a teen, lend a hand and begin fire training that will prepare you to become a full member at 18 years old. Volunteering as a junior firefighter is also a great way to secure community service hours.

**Administrative Volunteers:** Non-emergency volunteers play a huge role. They help teach fire safety, assist in fundraising events, help with bookkeeping, human resources, website maintenance, and other duties. Whatever your skill set, we can use it!

# East Fallowfield Township Celebrated Freedom with its First-Ever Star-Spangled Children's (and Patriotic Pets, too) Parade

Children donned patriotic red, white and blue holiday attire and pets in stars and stripes paraded through the Township's Community Park, led by police and fire crews, to celebrate the Fourth of July this past summer. The "Star-Spangled Banner" was proudly presented by the Boy Scouts Troop 48. The children dazzled onlookers while rocking out to patriotic tunes. Each child also received an award certificate and much applause from spectators. The free event included plenty of giveaways and prizes such as new bikes and bike safety items. The event even featured a bike safety station where children's helmets were checked

for proper fit and each bike received a free safety inspection.

Special thanks to East Fallowfield Township's Board of Supervisors, Township Staff, East Fallowfield Township Police Department, Public Works Department, Fire Departments (Modena and Westwood), Boy Scouts (Troop 48), Bike Chester County, State Representative Dan Williams, Coatesville Public Library, and all volunteers who helped out. Also, thank you to our event sponsors: Walmart of Parkesburg, Downingtown Bicycle Shop, Weaver Mulch, Arcelor Mittal, and Brandywine Valley Veterinary Hospital.

# Rain barrels are a valuable addition to any garden

*Benefits to both the gardener and the environment*

Site the barrels underneath a downspout to collect water from the roof each time it rains; the water can be saved and used to water plants in your yard.

- **Save drinking water resources.** On average, nearly 30% of our daily water use is attributed to lawn and garden care. Collecting water from rain events decreases the amount of drinking water used to water plants and after all, clean, fresh water is a limited, precious resource!
- **Decrease water and sewer bills.** Capturing rainwater also keeps money in your pocket by reducing the amount of water needed from public water.
- **Utilize higher quality water for plants.** Water collected from rain events is better for plants than treated water (which often contains chlorine).
- **Reduce nonpoint source pollution.** Nonpoint source pollution is created as rainwater passes over land surfaces and picks up contaminants enroute to our local streams and rivers (i.e. driveways and roads are coated with motor oil residue and road salt; agricultural fields often have fertilizers and pesticides applied). Since rain barrels reduce the amount of water that runs off your property, they also reduce the amount of nonpoint source pollution that can harm aquatic and human life.

## East Fallowfield Township Completes 2019 Road Paving Program

East Fallowfield Township is making significant progress in meeting the Road Maintenance Program goal to provide excellent street conditions throughout the Township. Municipal officials recently announced that road paving on Lehigh Drive, Columbia Drive, Lyons Lane, West Chester Road (section), Wagner Lane, and Mount Carmel Road had been completed.

“Keeping our road network in excellent shape is a high priority for the Township’s Board of Supervisors and administration,” said Township Manager Scott Swichar. The Board of Supervisors had awarded the \$174,994 road paving contract to John A. DiRocco of Downingtown, the low bidder on the paving project. There were seven bidders total. “We’re very pleased with their work,” said “Tag” Gathercole, East Fallowfield Township’s Road Foreman. “They did a good job.”

# Free Electronics Recycling for East Fallowfield Township Residents- A HUGE SUCCESS

East Fallowfield Township Manager Scott Swichar recently announced that the Township's permanent electronics drop-off program that began last spring has been an overwhelming success. Since April, the Township has collected more than 250 old televisions and computer monitors and more than 100 old computers and laptops from residents, thereby diverting this material from entering the trash stream. As state law prohibits certain electronics from being disposed at landfills, the permanent collection site at the Township Building provides a free year-round option to dispose of these electronics.

"Before we began the program, our public works crews were constantly picking up televisions that were being dumped on the side of the road. Now residents have a safe and legal alternative to properly dispose and recycle certain electronic items. As a result, we've seen far fewer televisions being dumped on the side of the road," Swichar said.

### How Can I Recycle Computers, Laptops, TVs, Monitors, and Certain Electronic Equipment?

The Township's drop-off site is located at the Township Building (2264 Strasburg Road). The site is open weekdays from 8AM to 4:00PM, unless the Township is closed due to a holiday. No appointment is necessary, and the service is free. However, anyone dropping off electronics MUST first stop at the Administrative Office and show a valid ID or a copy of a utility bill identifying that they are a resident of East Fallowfield Township. Electronics may NOT be left outside at the Municipal Building or collection site when the facility is closed.

All materials are recycled, refurbished, and reused, or disposed of properly. "The Electronics Drop-Off Recycling Program is provided at no cost to East Fallowfield Township taxpayers, and, in fact saves the Township money via lower trash disposal fees, making it both an environmental and fiscal win," concluded Swichar. For more information on East Fallowfield's computer and electronics recycling program, please call (610)-635-6077.

### Acceptable electronic items include:

- Televisions
- Cameras
- Typewriters
- Computer Keyboards
- VCRs
- Computers
- Cell Phones
- Fax Machines
- Computer Mice
- DVD Players
- Laptops
- Calculators
- Monitors
- Stereo Equipment
- Small Appliances, like toasters, blenders, coffee makers, lamps, radios, hair dryers, window fans, hand-held power tools, etc.

### Unacceptable Items include:

- Any Freon containing appliance such as window air conditions or refrigerators.
- Any fossil fuel or materials used in collecting fossil fuels.
- Lead Acid Batteries.
- Any infectious or biological wastes or equipment that contained them.
- Any media contaminated with oil.
- Any liquid.
- Any chemicals, oils, or powders.
- Any equipment that contains chemicals of any kind.
- Any equipment that contains asbestos.
- Any equipment that contains radioactive components.
- Any materials that are not integral to the original new equipment or otherwise associated with normal commercial or household environments that could adversely impact our operations or result in environmental or health and safety concerns.

# East Fallowfield Township's Advice for Homeowners: "WHEN IN DOUBT, THROW IT OUT"

East Fallowfield Township strives to decrease the contaminants in the recycling process, therefore, if there is a doubt whether an item is recyclable, it is best to throw it in the garbage. "While our residents have done an incredible job stepping up their recycling efforts, the biggest challenge is reducing the amount of contamination that occurs when non-recyclables are placed in recycling bins," said Township Manager Scott Swichar. "We all love the ease of placing all our recyclables in one container and having them whisked away to see new life as an upcycled product. However, the biggest drawback of single stream recycling is the risk of contamination of these recyclables."

"Just one rogue item - such as a plastic grocery bag - could contaminate an entire batch of recycling; meaning the batch of recycling could end up in a landfill rather than at a recycling facility," said Swichar.

"People often recycle the wrong things," Swichar said. "Our goal is to educate residents to recycle better and not contaminate the stream."

While plastic grocery bags are the most common item in the recycling bin that shouldn't be there, other contaminants like food scraps or yard waste are improperly placed in the recycling containers as well. Residents should rinse containers, especially those with thicker products like peanut butter and tomato paste, and only place yard waste, such as grass clippings, in paper bags or containers designated strictly for yard waste. While plastic bags can be thrown away with regular household trash, most grocery stores also collect plastic bags near their entranceways so they can be recycled.

"If we are all more diligent about what we throw away in our recycling container, we can improve on an already great program," concluded Swichar.

*Township Staff inspected the Total Recycle Inc. recycling facility in Birdsboro, PA earlier this year. This is the facility where all of East Fallowfield Township's recycling goes to be sorted and baled to be remade into something new.*

***Please help make recycling a success by keeping these and other materials that may cause contamination out of your recycling container:***

## The Recycling Bin's DIRTY DOZEN

- Plastic bags
- Styrofoam
- Rubber hoses (garden hoses)
- Yard waste
- Food Soiled Paper (like pizza boxes)
- Clothing
- Drywall
- House siding/Shingles
- Plywood
- Televisions and computers
- Diapers
- Tires

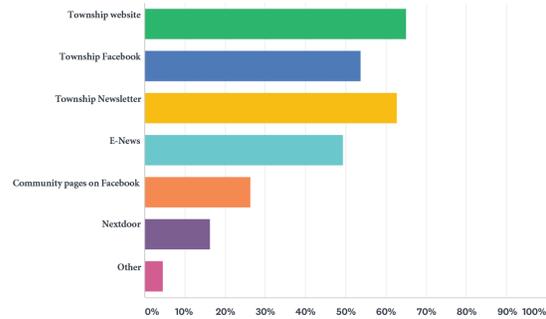

# The Results are in...2019 East Fallowfield Communications Survey is Complete

This past summer, East Fallowfield Township conducted an online Communications Survey to residents through the online survey tool, Survey Monkey. 277 residents participated in the online survey. The survey gathered data about how the Township can improve its communications with its residents. More specifically, the Township wanted to know whether residents are viewing its website ([www.eastfallowfield.org](http://www.eastfallowfield.org)), following the Township's Facebook page ([www.facebook.com/eastfallowfieldtownship](http://www.facebook.com/eastfallowfieldtownship)), reading the Township's print newsletter mailed to all residents twice a year and the Township's e-newsletter; or whether they are receiving Township news from other sources, such as the online site, Nextdoor. We asked respondents to prioritize in the order of importance these formats and platforms.

"As a result of the survey, we learned that the top three forms of communications preferred by residents are the Township website, the Township's print newsletter, and the Township's Facebook page," said Township Manager Scott Swichar.

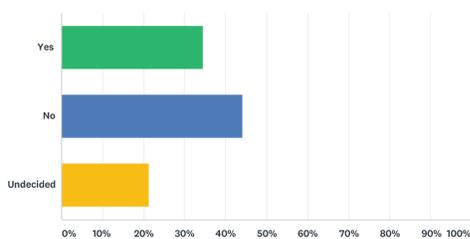

## There are a few highlights from survey results below:

Q1 How do you get East Fallowfield Township information? (check all that apply)  
Answered: 277 Skipped: 4

ANSWER CHOICES	RESPONSES
East Fallowfield Township website <a href="http://www.eastfallowfield.org">www.eastfallowfield.org</a>	64.98% 180
East Fallowfield (official) Township Facebook Page: <a href="http://www.facebook.com/eastfallowfieldtownship">http://www.facebook.com/eastfallowfieldtownship</a>	53.79% 149
Township Newsletter (mailed twice a year)	62.82% 174
E-News (email newsletter) Updates	49.46% 137
Community pages on Facebook	26.35% 73
Nextdoor	16.25% 45
Other (please specify)	4.69% 13
Total Respondents: 277	

Q2 Should the Township install a digital sign at the Township Building and/or Township Park to better communicate with residents?  
Answered: 276 Skipped: 5

ANSWER CHOICES	RESPONSES
Yes	34.42% 95
No	44.20% 122
Undecided	21.38% 59
TOTAL	276

As part of the survey, residents were also asked whether the Township should consider other communication methods to better deliver its messages such as installing a permanent electronic message sign outside the Township Building or Community Park. The Township even field tested a digital sign at these two locations during two separate weekends in June. "The test gave residents the opportunity to view a digital sign close-up and decide if it is an effective way to deliver Township news and important messages," said Swichar.

The survey results indicate that 44% of the participants do not want to see a digital sign installed at the Township Building or Park. There were also 276 comments posted

about the digital sign. "While many residents were enthusiastic about receiving up-to-minute news on a digital sign, other residents were concerned about potential high costs of installing a sign or the impact it would have on the rural character of East Fallowfield Township," said Swichar.

"Thank you to everyone who participated in the survey. The survey answers and comments will provide guidance to the Township's Board of Supervisors and administration and will be used as the basis for ongoing discussions on how we can best utilize technology to improve communications with our residents," said Swichar. "We learned some very important information about how we communicate with the community, which will help us improve our efforts," concluded Swichar.

# 2019 CALENDAR OF EVENTS FOR EAST FALLOWFIELD TOWNSHIP

All meetings are held at the Township Building at 2264 Strasburg Road

BOARD OF SUPERVISORS MEETINGS @ 6:30 PM
